PRESS RELEASE

SIPCO, LLC and iControl Networks, Inc. Enter Patent License Agreement

December 9, 2011 -- SIPCO, LLC is pleased to announce that iControl Networks, Inc., a world-wide leader in home security technology, has become a member of the Essential Wireless Mesh™ (“EWM”) Patent Portfolio by taking a license to SIPCO’s Patents in the EWM Patent Portfolio.

ABOUT SIPCO, LLC

SIPCO is a leading innovator of mesh networking and related technology based in Atlanta, Georgia. SIPCO is led by one of the wireless industry's greatest and most prolific innovators, T. David Petite. Mr. Petite is a proud Native American who's been active in the wireless industry for over a decade and has developed many leading edge solutions. His inventions are deployed in various products and networks throughout the country and have been licensed to numerous companies.
